

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

EVOTRAINER® Indoor
Order No. 12.00400

Mechanics

1. Lubricate bearings, at least every 6 - 8 weeks (lubricating nipple is located under cover plate).

Wooden parts

2. If necessary, smooth out splinters.
3. Check that all bolts and screws are tight and retighten if necessary.
4. If necessary, treat the surface (oil).
