

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground

Date of installation

Checks depend on the kind of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on:

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also „General instructions for maintenance of playgrounds“.

Turning Circle
Order No. 10.13100

Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. Check all bolts and screws are tight and retighten if necessary.
3. **Recommendation:** apply wood preservative wax (www.complex-farben.com) once a year.

Mechanical parts

4. Check that disc can be turned freely, clean bearings of the disc if necessary.
5. Check that top aluminium profile is securely connected (2 wood screws).

Acrylic glass/Makrolon

6. Clean with commercially available dishwashing liquid or, better still, plastic cleaner (www.burnus.de), under no circumstances use spirits or turpentine!

Structural stability

7. In order to check that the equipment is securely fastened to the ground, uncover the foundations once a year.

Special notes (e. g. for repairs):

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by
