

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Structural stability

Date of installation

In order to check for rot at wooden parts and steel feet for corrosion, uncover the foundations once a year.

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Combination equipment

Intervals for maintenance work and checks generally depend on

Please pay attention to the **separate maintenance notes** of the following single equipment:

- location
- usage
- frequency of use
- possible vandalism
